

UPCS Academic Class Schedule

Monday, Tuesday, Thursday, and Friday

On Monday, Tuesday, Thursday, and Friday students attend core academic classes. Courses with the MCAS test at the end of the year run for an extended 90 minutes while other core academic classes run an hour long. This extra half hour allows teachers and students to better prepare for the MCAS test.

UPCS Academic Class Schedule

Wednesday

On Wednesdays students take specialty classes instructed by itinerant staff. The specialty classes taught include art, health, music, and enrichment courses taught by master students from Clark University. On Wednesday mornings between 8:00 and 10:00, core academic teachers meet for common planning time. In addition to the specialty classes seniors are required to take two hours of internships or community service a week.
